

PICKET FENCE

The classic multi-purpose fence that is made from 100% recycled plastic, waterproof and weather-resistant. Put away the paint brushes, our **Picket Fence** system is virtually maintenance free. It's perfect for gardens, parks, railways, public buildings and commercial sites. BS EN 1722 compliant and rot-free. Unlike wood, this fence will never get damp and needs no ground clearance. Created with ease from posts, support rails and either flat or round topped pales.

- » 100% recycled plastic
- » Rot-free and vandal-resistant
- » Standard and bespoke heights
- » Can be used with concrete posts
- » 20-year warranty

100m of typical fencing diverts

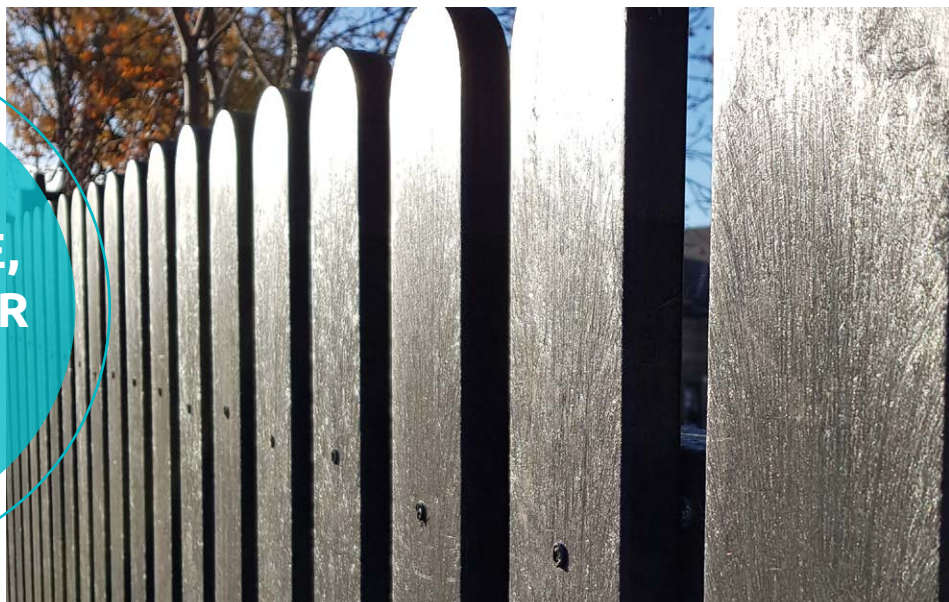

3.5 m bottle
tops
from landfill

HIT & MISS FENCING

For the 'hit and miss' look, enhancing privacy yet letting wind blow through, place pales alternately on both sides of the rail.

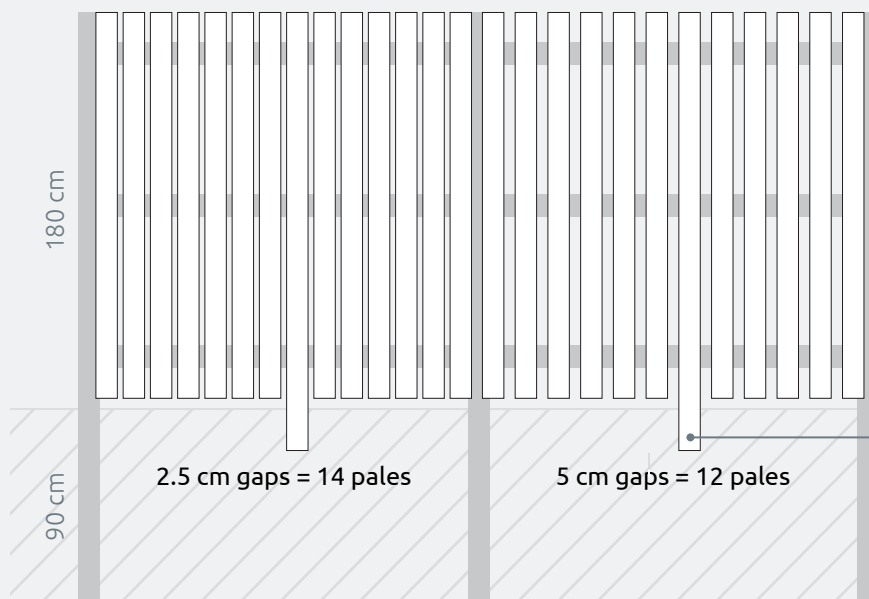

Code	Description	Section (cm)	Length (cm)	Colour	Weight (kg)
MAGRP-106003510360	Fence Rail	3.5 x 10	360	■ ■	11.9
